

Key note speakers are:

Professor Ruth Fincher (President of the Institute of Australian Geographers) on "The State of Geography" and

Dr Bill Jonas (Commissioner, Human Rights and Equal Opportunity Commission) on: "Geography and Human Rights".

The conference will include formal paper presentations (see over) as well workshops.

Workshops:

Walkaway GIS for the classroom; NUD.IST geography; Pulling apart cultural products, and; Action geography; etc.

The speakers at this conference are international leaders in their areas of geographical expertise. Presenters will provide delegates with overviews of cutting edge thinking within their sub-disciplines. In an accessible manner, speakers will outline the critical recent advances in the theory, method and subject matter of their area of geography or cognate field. Speakers will also relate their presentations to the content and skills of secondary geography curricula in Australia.

The Geographical Society of New South Wales, Inc.

The Geographical Society of New South Wales was founded in 1927. It is a professional society, whose members are geography academics, teachers, practising geographers, and interested members of the public.

Mission statement

The Society's mission is to advance geographical scholarship in New South Wales and throughout Australia. It is a professional organisation dedicated to the promotion, support and, when necessary, the defence of geography, geographical research and education. It is an advocate for geographical contributions to the policy formulation for, and the management of, environmental and social issues in Australia.
